Detail Introduction :

Our Shrink Bands provide a professional look to your products while simultaneously offering a tamper evident safety seal. Not only is a tamper-evident seal required in most cases, but it also gives your customers confidence that your product is safe for use

These Shrink Wrap Bands are made from PVC, non-toxic and odourless, the shrink effect is easily High shrinkage rate, you just put shrink band in the bottle and then use a heat gun, heat tunnel or hair dryer to shrink and seal band evenly until it is surrounded completely.

This shrink wrap is suitable for liquor bottles, beverage bottles, sauce bottles and more. As there are many different types and sizes of containers, it is best to measure your specific diameter to ensure you purchase the correct size!

Sometimes a little water is all it takes to ruin your packaging. But that certainly won't be the case with these waterproof labels when you are labeling something that requires durability and moisture protection. Our waterproof labels are ideal for labeling bottles that might get exposed to liquids or heavy use. It's also perfect for outdoor label applications.
