Printing	Full Color	Full Color	Full Color

<b>Features</b>	The corona treated face material can be printed by letterpress, flexo, and silk screen, giving good print results with UV curing and water based inks.	To ensure optimum wettability and ink bond, additional in-line corona treatment is required.	Sharp film tooling preferably in flat-bed, are important to ensure smooth conversion. Acceptance of hot stamping foil is excellent. Need avoid too much re-winding tension to causing bleeding.
