

# Blank Waterproof Thermal Sticker Pricing Labels White Color For Supermarket

## Specifications :

Place of Origin	Shanghai, China
Payment Terms	Credit guarantee, T/T, Western Union, Paypal, Wire Transfer, LC.

## Detail Introduction :

### Pricing Labels

Supermarket labels are usually applied in two major areas: price label and self service label printing scales.

Price label are eye-catching and easy in hand operation, while the application in self service scales is much wider, due to its efficient, comparatively low cost, and readable.

Direct thermal paper is mainly used for adhesive coating, laminating, printing and variable information printing (VIP:Variety Information Printing).

Direct thermal labels without release will be gradually promoted in tuture development.

Crystalcode has a wide range of thermal labelstock, water, oil, alcohol, and scratch resistance, and low temperature use, to meet all oppotunities of thermal labels in supermarkets
